

Pinki Biswas

Frontend Developer

Kushtia sadar, Kushtia | +8801766745260 | pinkibiswasit@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Career Objective

A passionate and detail-focused Frontend Developer with a solid foundation in HTML, CSS, JavaScript, and React.js. I enjoy creating responsive, user-friendly interfaces and am eager to grow by contributing to dynamic and collaborative development teams.

Skills

Technical Skills:

- Frontend: Tailwind css, Bootstrap, JavaScript (ES6), React, React Router, Firebase
- Backend: Node.js, Express.js, MongoDB, REST API
- Tools: GitHub, Vs code

Interpersonal Skills:

- Team Collaboration, Problem-Solving, Adaptability, Communication

Projects

1. WorkPulse – Employee Workflow Management System

[Live Site](#) | [GitHub Client](#) | [GitHub Server](#)

Project Overview:

A full-stack web application for managing employee workflows, payroll processing, and HR operations, with admin-level access controls and secure payment integration.

Features:

- Employee Task Tracking: Daily task submissions with real-time workflow monitoring.
- HR Payroll & Stripe Integration: Secure salary payments and payroll management via Stripe.
- Authentication & Role-Based Access: Firebase-secured login with protected admin routes.

Technology Used: React.js, Tailwind CSS, Firebase Auth, Node.js, MongoDB, Stripe API

2. Plantera – Plant Care Made Easy

[Live Site](#) | [GitHub Client](#) | [GitHub Server](#)

Project Overview:

A responsive web app for managing indoor plants with personalized dashboards and smart care scheduling.

Features:

- User authentication and plant dashboard with CRUD functionality and Firebase authentication
- Dark/light theme toggle with responsive UI using Tailwind CSS and DaisyUI
- Smart watering reminders using Date-fns and Animated transitions with Lottie react

Technology Used: React.js, Tailwind CSS, Firebase Auth, Node Js, MongoDB

3. Fixitron - Service Sharing Platform

[Live Site](#) | [GitHub Client](#) | [GitHub Server](#)

Project Overview:

Fixitron is a web app that connects users with service providers, offering smooth service listing, booking, and a clean, responsive interface.

Features:

- Service listing and booking functionality, Responsive UI using Tailwind CSS and DaisyUI
- Firebase authentication with email/password and Google login
- Smooth navigation and animations using React Router and Framer Motion

Technology Used: React.js, Tailwind CSS, Firebase Auth, Node Js, MongoDB
